Rated 5 stars on Facebook & Google by YOU! Thank you!

« Thank you for ALL that you've done this year. You've rose above this pandemic and continued to inspire and motivate young dancers like my daughter. Her passion for dance has only grown and it is all because of you. »

- Danielle Day

« I wanted to congratulate you for your dedication, energy and tenacity during the pandemic. Our children need to thrive in all areas of their lives and physical and artistic activity are at the heart of a healthy and fulfilling life! Thank you! »

- Myrka Manzo

« You are doing an amazing job! When I'm in class, I almost forget that there is a global pandemic going on! Bravo to you and your wonderful staff! »

- Anna Silvestri

«For me, this year, despite the pandemic and thanks to you, has been one of the most extraordinary of my life. I have never danced so much and it has helped me get through this not so easy year with both physical and mental benefits. It would have been easy for you to give up, but against all odds, you have shown your strength and your ability to adapt quickly, and that strength is IMPERIUM. Two women, more powerful than a pandemic, are leading hundreds of dancers to continue to practice their passion.»

- Diane Gilbert

« #1 Across the board! Quality of classes, quality of teachers, customer service and support, they have it all! I 100% recommend Studio de danse Imperium! »

- Marie-Ève Cloutier

"We couldn't be happier with the studio and the family atmosphere there. My daughter has grown so much as a dancer and has surrounded herself with inspiring role models in every sense of the word!"

- Nancy Alarie

« Studio de danse Imperium has had such a positive impact on my daughter's life. Since she started dancing at Imperium, her skills have drastically improved, her confidence and self-esteem have skyrocketed, and her passion and perseverance have increased exponentially. The management and staff at Imperium are the best and know how to not only teach dance, but also inspire their students.»

- Alaina Charszan

"Fantastic studio! Studio de danse Imperium has experienced and wonderful teachers and management who always go above and beyond expectations. A+ for us!"

- Nadia Gulli

Our story

In 2013, on a sunny spring day, in a small coffee shop in the West Island of Montreal, Christine and Véronique made a decision that would change their lives and the lives of many dancers: They would partner up to create a truly welcoming and motivating dance studio where children, teenagers and adults alike would feel free to be themselves in the wonderful world of dance!

A few months later, their dream became a reality when Studio de danse Imperium opened its doors. The success of its first season, with 75 dancers training in 3 different locations in the West Island, showed the co-founders just how much potential their project truly had.

In May of 2014, they then secured a lease at 1430 Hymus Boulevard where they built 4 spacious dance studios as well as a warm and welcoming waiting room for the dancers and their families. Little did they know at that moment that they were creating their favourite place in the whole world!

In 2018, a wonderful collaboration was created with Jonathan-Wilson Elementary School as well as École Secondaire Des Sources and John Rennie High School in the form of a Dance-Concentration program under the Sport-Études umbrella. With this program, Studio de danse Imperium is able to welcome students from these schools in its studios every weekday afternoon, from 1 to 4 p.m.

In 2020, Studio de danse Imperium's popularity lead to its expansion at 1440 Hymus Boulevard with the creation of two additional dance studios.

Studio de danse Imperium is proud of the many awards received at different competitions over the years, such as Studio of the year in 2017 and 2018, winner of the 2018 Représent competition, Production of the year in 2019 and chosen to present many numbers in final showcases at various competitions. These prizes, and many others, are proof that Studio de danse Imperium's dancers receive on-going quality training.

Since day one, Studio de danse Imperium's mission is to offer all dancers the best possible training, in every style, for every level, in a positive and warm learning environment. They continue creating unforgettable memories with the many special activities throughout each season. Christine and Véronique have managed to create a place that many people call their second home and together they form the Imperium family!

Recipients of the prestigious CEO of the Year Award, presented by the Dance Studio Owners Association in Las Vegas in 2020.

Welcome Message

The moment we have been waiting for has finally arrived! The past 16 months have been, for both of us, the most challenging we have faced as managers since opening Imperium Dance Studio in 2013. Despite the obstacles, we are extremely proud to have been accompanied and supported by all of you during the pandemic, and to emerge surrounded by the same exceptional team of teachers as in 2019, and students who are more passionate than ever. As the new season begins, we wish you an outstanding and unforgettable experience at our wonderful dance school.

We look forward to seeing you in the coming months!

Programs

Competitive Dance (6 y.o. to Adults)

Dancers registering for this program are expected to show commitment towards their team and the Studio.

Team spirit, respect towards team members and teachers, as well as an open-mind towards ideas and challenges brought forward are required attitudes for dancers of this level.

Access to this level requires an audition, which is held every year in August. Pre-competitive and Competitive teams are put together according to each auditioning dancer's technical and interpretation skills.

Pre-competitive dance (ages 6 to adult)

Dancers of this level will usually dance around 1.5 to 3 hours per week. The objective in this level is to allow dancers to push their training while surrounded by dancers with similar mentality and skills. Throughout the season, many technical skills will be learned and reviewed, as well as an advanced choreography. Teams of this level will compete in a provincial competition and perform in the Studio's year end show. Other performance opportunities may also arise during the season for dancers of this level.

Competitive dance (ages 8 to adult)

Dancers of this level will usually dance between 4 and 12 hours per week (a versatile dancer wishing to compete in different style will have more dance options and training hours). The objective of this level is to allow dancers to push their training while surrounded by dancers with similar mentality and skills. Throughout the season, many technical skills will be learned and reviewed, as well as an advanced choreography. Teams of this level will compete in several provincial competitions (between 3 and 5), and perform in the Studio's mid year show and year end shows. Other performance opportunities may also arise during the season for dancers of this level.

Dancers of this level may request the direction's authorization to perform a solo, duo or trio in competition. Rehearsal for such performances are supplemental to the regular training (an additional 12 to 20 training hours during the season).

AUDITION DATES
AUGUST 14th-17th, 2021

Programs

Professional Development (18 y.o. and over)

Professional development classes are specifically designed for semi-professional dancers ages 18 and over. This program offers quality, high caliber training in a positive learning environment and prepares dancers to bridge the gap between the competitive and professional worlds.

Most classes of this level focus on technique and performance. Several performance opportunities may arise during the season for dancers of this level. In addition to technical classes, Professional Development dancers may audition for a spot on the CounterCulture Creative Movement company, led by Anmarie-Paule Legault (see details below).

Access to this level requires an audition, which is held every year in August.

Instagram : @counterculture.mtl

CounterCulture is a new creative movement under the artistic direction of Anmarie-Paule Legault, in collaboration with Studio de danse Imperium.

CounterCulture offers a great opportunity for dancers to bridge the gap between the competitive and professional worlds, in a creative setting where they can flourish as artists and acquire tools which will prove useful in the future. The company also puts the focus on the production of virtual content (photos, videos, etc.).

CounterCulture operates with the mentality that process and outcome are of equal importance. The creation process is viewed as an opportunity to share, learn and have open conversations about various topics, with the purpose of helping members understand the mechanics of a project as it stems from the choreography which flows into the message being carried, and is delivered by the creative content.
